LETTER OF RECOMMENDATION

To Whom It May Concern

It is my absolute pleasure to write this letter of recommendation, on behalf of CEPSI - Centrul de Psihologie Creativa, in order to complement Creatif team for all the extraordinary work and major interest shown during our collaboration.

In 2016 we decided to start our activity in the online environment in order to increase our company's visibility among the target audience. We found ourselves then in the need of a trustworthy professional able to provide us with high quality services in the web development and marketing online area.

Taking into consideration the good testimonials and a large portfolio of services, we had wisely choose Creatif to assist us in our online adventure. This was the first step to an effective long-term collaboration that will surely carry on for our future assignments.

Since the beginning of our collaboration, we were truly impressed by Creatif team's dedication and commitment that outrun our expectations by acting as a genuine online expert. Creatif's representatives have very strong technical backgrounds that have enable them to make significant contributions to our business. Most of all we appreciated the noticeable ability to quickly understand complex issues and provide innovative and sound solutions.

Creatif has provided us with consultancy services in order to efficiently develop the best online image for our company, as well as web development services for the creation of our presentation website - www.cepsi.ro.

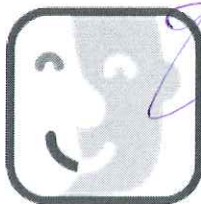

The simplistic design, the user-friendly interface, with emphasis on our main services and philosophy, has brought us in a short time significant results. Creatif has helped us not only to increase our visibility, but also to become an authority in the online environment by offering us the possibility to develop and post on the website relevant articles and studies for the psychology area.

Being very pleased by the services provided by Creatif, we made the choice to expand our collaboration by contracting the same company for maintenance and updating services.

Overall, we want to thank Creatif team for their professionalism, consistency and perseverance. We would definitely contract Creatif again and we would recommend their services to other companies without hesitation.

Respectfully yours,
